God's parenting involves discipline, as with any other parent. But God's discipline is life-giving. It brings hope and promise of greater peace and contentment because it helps us become more of the person God has created us to be. **"Father, thank you for calling me Your child."**

Defending Our Religious Liberty

Critics who say the Catholic Church is against universal health care are misinformed. The Catholic Church is founded on the Corporal Works of Mercy and helping others. The United States Conference of Catholic Bishops (USCCB) has always advocated for health care. The Catholic Church is opposing the health care mandate, because it violates the First Amendment, which is supposed to safeguard freedom of religion. *If you haven't done so already, please voice your opposition to the federal health care mandate by calling U.S. Secretary of Health and Human Services Sylvia Mathews Burwell at 202-205-5445, and your elected representatives. Let them know that the mandate is in violation of our First Amendment right to religious freedom. If you have called, call again, our representatives need to listen to us.*
