FAMILY MOVIE

After being accepted to Clemson University on a football scholarship, Ray is eager to make the most of it, enrolling in challenging classes while balancing his time and energy with intense football practice. It's a lot for any freshman to handle, and Ray is hardly prepared for the biggest challenge headed his way. A call from his 11-year-old brother reveals that their mother has relapsed and

will be in a rehabilitation program for a month, stranding the 11-year-old without a guardian to look after him. Unwilling to see his brother forced into foster care, Ray volunteers to look after him. Little does anyone else know that that means hiding the boy in his dorm room. But as that plan inevitably unravels, and as it becomes obvious that their mother won't be able to return home anytime soon, Ray finds himself torn between being his brother's guardian and remaining a football scholar at Clemson. Based on the true story of brothers Ray and Fahmarr McElrathbey, Safety tells an inspiring tale affirming the power of determination and the importance of family. The film also examines the temptation of letting ego get in the way of asking for or accepting help. Rated PG 80% on Rotten Tomatoes

FAMILY LOVE: A VOCATION AND PATH TO HOLINESS

Official prayer for the X World Meeting of Families 22-26 June 2022

Heavenly Father,
We come before You to praise You and to thank You for the great gift of the family.

We pray to You for all families consecrated by the Sacrament of Matrimony. May they rediscover each day the grace they have received, and as small domestic Churches, may they know how to witness to Your presence and to the love with which Christ loves the Church.

We pray to You for all families faced with difficulty and suffering caused by illness or circumstances of which only You know.

Sustain them and make them aware of the path to holiness upon which You call them, so that they might experience Your infinite mercy and find new ways to grow in love.

We pray to You for children and young people: may they encounter You and respond joyfully to the vocation You have in mind for them;

We pray for parents and grandparents: may they be aware that they are signs of the fatherhood and motherhood of God in caring for the children who, in body and spirit,

You entrust to them;

and for the experience of fraternity that the family can give to the world.

Lord, grant that each family might live their specific vocation to holiness in the Church as a call to become missionary disciples, in the service of life and peace, in communion with our priests, religious, and all vocations in the Church.

Bless the World Meeting of Families.

Amen.

THE LORD'S KITCHEN

Thank you to all who helped with our Memorial Day Lord's Kitchen Cook Out Dinner - those who shopped, donated hot dog rolls, set up tables, grilled hot dogs, served guests for Take Out and In-Door Dining, and of course, the clean up crew! We welcomed 50 plus guests and the resounding comment was "there is nothing like a grilled hot dog!" Zip lock bags of assorted toiletries from our parish Toiletry Drive were distributed and greatly appreciated by the guests. **HNOJ will host another Take Out/In-Door Dining event on Monday, August 29th - join us for this rewarding outreach ministry.**

LIFELINE SCREENING

Life Line Screening, the nation's leading provider of preventive health screenings, will offer affordable, non-

invasive and painless health screenings at Holy Name of Jesus Church on **Tuesday, June 28, 2022.**

A package of five screenings to identify risk for stroke, heart disease and other chronic conditions will be offered:

Carotid Artery Screening (Plaque)

An ultrasound is performed to screen the carotid arteries (a pair of blood vessels in the neck that deliver blood to your brain) for buildup of fatty plaque. This buildup, called atherosclerosis, is one of the leading causes of stroke.

Peripheral Arterial Disease Screening

An Ankle-Brachial Index (ABI) test is performed using blood pressure cuffs on the arms and legs. It is important to screen for PAD because it increases the risk of coronary artery disease, heart attack, or stroke.¹

Abdominal Aortic Aneurysm (AAA)

An ultrasound is performed to screen the abdominal aorta for the presence of an enlargement or aneurysm. AAA can lead to a ruptured aortic artery, which is a serious medical emergency.

Atrial Fibrillation

A 6-lead electrocardiogram (EKG) is performed by placing sensors on the arms and legs to screen for Atrial Fibrillation. AFib can lead to blood clots, stroke, and heart failure, and other heart-related complications.²

Osteoporosis Risk

An ultrasound is performed to measure the shin bone for abnormal bone mass density. This can help assess the risk of osteoporosis, a disease where bones become weak and brittle.

These 5 vital screenings take 60-90 minutes to complete. Register by calling toll free 1-888-653-6441, text the word "circle" to 797979 or online at <https://llsa.social/HS>
